Aizpuru 2nd, unanimously approved.</p> <ul style="list-style-type: none">• Adding Ben’s clinical supervision training, asked to combine an additional law and ethics training for cost purposes, he wanted to add another day to it, maybe Saturday, that doesn’t really work for people.• Law and Ethics – working on Nov. 2019 for next training. will discuss next meeting after checking the amount of people who can be trained as well as adding an additional day for test preparation. Costs for 1 day training are \$3200, adding test prep brings training to \$4800. Group thinks adding the additional day is great idea if interest.• Poverty Simulation on March 22nd<ul style="list-style-type: none">- Good feedback on the training- Participants would like to see more managers at the training- Hope to bring the training back in the future• Cultural competency – 6 webinars have rolled out, will continue to check progress<ul style="list-style-type: none">-Still looking into Roberto, but the costs are high and would take a lengthy approval process. Feedback of those who have been trained is mediocre. Looking for practical application from the training and use with populations serving. Haven’t found a trainer that goes beyond the basics.
