#### Target Audience:

The Clinical Supervision training is intended for clinical professionals licensed with the California Board of Behavioral Sciences for a minimum of two years in addition to meeting the criteria outlined in the BBS Statutes and Regulations.

#### Schedule:

**The six (6) hour webinar completes the 6-hour training requirement for renewing supervisors; and the fifteen (15) hour training for new supervisors consists of the six (6) hour webinar and a nine (9) hour remote component.**

A link to access the 6-hour webinar will be provided after you register through Placer Learns for either the 6-hour renewal or the 15-hour training for new supervisors. Once you receive access to the training link, you will have 120 days to view and complete the 6-hour component of course. It is recommended that participants taking the 15-hour training for new supervisors complete the 6-hour webinar prior to the 9-hour remote component.

The nine (9) hour remote component to complete the required 15-hours for new supervisors consists of three, 3-hour training modules. All three modules are required to complete the 9-hour component of the training. A link to the Zoom video conference will be provided to registered participants prior to the training.

Registration for each of the remote training modules will begin 15 minutes prior to start of the training time listed on the flyer, and a 15 minute break will be offered at the trainer's discretion during each the remote 3-hour segments.

#### Course Certificates and CEUs

Attendance for this training will be closely monitored by an administrator. Participants are required to attend and participate for the duration of the remote training component each day for credit.
