

Human Trafficking Awareness Month

Tuesday, January 11th

3:30PM to 4:30PM

Santucci Justice Center

10810 Justice Center Dr, Roseville, CA 95678

Red Sand Project

Red Sand Project is an artwork that uses participatory sidewalk intervention to raise awareness of the vulnerabilities that lead to human trafficking. Placer County staff, CSEC Collaborative, and its community partners invite the public to take time to fill sidewalk cracks with red sand and document their sidewalk transformations on social media using [#RedSandProject](#).

Through this project and the communities support, we can help bring awareness to human trafficking in Placer County.

Participate: Free bags of red sand will be distributed to the public by Placer County System of Care staff beginning at 3:30PM.

**No One Should
Fall Through
The Cracks!**
