9th Annual Forum on the Latino Community

Where's the Evidence? Challenging Our Decision-Making Paradigms

Wednesday, September 13, 2023

From 8am to Noon @ The Blue Goose in Loomis, CA

Join us at the 9th Annual Forum on the Latino Community to discuss the decisions that perpetuate inequities in healthcare, strategies to reduce them, and practices to apply these strategies to education and other system services. We will showcase Latino-focused programs by local healthcare institutions that are creating success through community-defined evidence and provide ample opportunities for attendees to engage with the topic.

We hope to see you there!
