# MHSA Reform

In March, the Governor released his proposal to Modernize California's Behavioral Health System.

- [SB 326 \(Eggman\)](#) The Behavioral Health Services Act (MHSA Reform)
- [AB 531 \(Irwin\)](#) Behavioral Health Infrastructure Bond Act (\$4.7 billion)

**SB 326 Amendments** were presented yesterday at a Senate Health Committee Informational Hearing:

## Changes to Local Services Categories

- » Housing Interventions – 30%
- » Full Services Partnerships (FSP) – 35%
- » Behavioral Health Services and Supports (BHSS) – Now 35% (up from 30%)
  - Added “outreach and engagement” as allowable service
  - At least 51% of BHSS shall be used for Early Intervention
    - New: At least 51% of Early Intervention shall be used to serve individuals who are 25 years of age or younger.
- » BHSS funds Early Intervention, Workforce Education and Training, Capital Facilities and Technology Needs, Innovative Behavioral Health Pilots and Projects, & Prudent Reserve.

## Changes to Population-Based Prevention

- » Shifted population-based prevention to state directed administration.
- » The California Department of Public Health will be lead in consultation with DHCS and BHSOAC.
- » No less than 4% of the BHSA total funds will be dedicated to these efforts
  - 51% must be dedicated to individuals 25 years of age and younger.

## Changes to State Directed Funding Amounts

- » 10% of Total Funds
  - 4% for Population-Based Prevention
  - 3% for Statewide Workforce
  - 3% for State Administration (reduced from 5%)

## Housing Interventions – 30%

- » Funding could be used for rental subsidies, operating subsidies (including for BH settings built through the general obligation bond), shared and family housing, capital and non-federal share for transitional rent.

### NEW:

- Add clarifying language for housing supports, defined by DHCS, including, but not limited to, the community supports policy guide.
- Allows small county exemption process beginning with 2026-29 planning cycle.
- Provides flexibility commencing with the 2032-2035 planning cycle on the 30% requirement based on DHCS criteria for exemptions.
- Clarifies that a county can use BHSA for housing supports for non-Medi-Cal and where plans have not elected to cover housing.
- Update definition of chronically homeless throughout language to say as defined by DHCS.
- Housing interventions are not limited to persons in Full Service Partnerships or individuals enrolled in Medi-Cal.
- Removes the requirement that capital funds be spent in the same fiscal year as allocated; requires the funds to be spent within a reasonable time frame, as specified by DHCS.

# SB 326

**Some remaining concerns:** Overall reduced funding levels, funding volatility, reduction in funding for core services in CSS such as crisis, outpatient, recovery services (peers, Wellness Centers), loss of matching dollars to draw down federal financial participation under Medi-Cal.

**WHAT COMES NEXT:** The two bills will work their way through the California Legislature in the coming months. The behavioral health legislative package will go to the voters for approval in March 2024, after consideration and approval by Legislature and Governor Newsom's signature in 2023.

Tuesday, August 22 - [Assembly Hearings:](#)

- Joint Hearing for Health and Housing and Community Development  
9 a.m. – Swing Space, 1021 O Street, Room 1100
- Health Committee Hearing
